A **quality** of **service** architecture that combines resource reservation and **application** adaptation

[PDF] from psu.edu

I Foster, A Roy... - Quality of Service, 2000. IWQOS. ..., 2002 - ieeexplore.ieee.org
... We propose an approach to **quality** of **service** (QoS) that ... In this approach, a combination of online control interfaces for resource man- agement, a sensor permitting online **monitoring**, and decision procedures embedded in resources enable a rich variety of dynamic feedback ...

System and method for efficiently **monitoring quality** of **service** in a distributed processing environment

RJ Friedrich, JJ Malinka... - US Patent 5,958,009, 1999 - Google Patents
... Page 6. 5,958,009 SYSTEM AND METHOD FOR EFFICIENTLY **MONITORING QUALITY** OF **SERVICE** IN A DISTRIBUTED PROCESSING ENVIRONMENT CROSS-REFERENCE TO RELATED 5 **APPLICATION** This patent **application** is related to a commonly-assigned patent ...

A survey of **quality** of **service** in mobile computing environments

[PDF] from psu.edu

D Chalmers, M Sloman - Communications Surveys & Tutorials ..., 2009 - ieeexplore.ieee.org
... already developed for path adaptation, media scaling and selection, fault tolerance, and **monitoring**. ... may be more intrusive than small losses, or continued lower **quality** presentation ... [44, 47] suggests that where movement causes frequent fluctuations in **service**, the maintenance ...

Globus toolkit version 4: Software for **service**-oriented systems

[PDF] from psu.edu

I Foster - Journal of Computer Science and Technology, 2006 - Springer
... a computing resource to run an **application** or deploy a **service**, manage an **application** or **service**, move data reliably from one site to another, **monitor** system com- ponents, control who can do what, manage user cre- dentials and attributes. Good-**quality** implementations of ...

End-to-end **quality** of **service** for high-end **applications**

I Foster, M Fidler, A Roy, V Sander... - Computer Communications, 2004 - Elsevier
... distributed data analysis, and advanced collaborative environments have demanding **quality** of **service** (QoS) requirements. Particular challenges include concurrent flows with different QoS

specifications, high-bandwidth flows, **application**-level **monitoring** and control, and end **...**

A **quality** of **service** architecture

[PDF] from psu.edu

A Campbell, G Coulson... - ACM SIGCOMM Computer ..., 1994 - portal.acm.org

... To address these deficiencies we are designing an integrated **quality** of **service** architecture (QoS-A) which **...** These **service** classes are designed to fit into a highly dynamic **application** env ironment and thus provide facilities such as performance **monitoring**, notification of **...**

The WSLA framework: Specifying and **monitoring service** level agreements for web **services**

[PDF] from psu.edu

A Keller... - Journal of Network and Systems Management, 2003 - Springer

... important aspect of a contract for IT **services** is the set of **Quality**-of-**Service** **...** come from a variety of areas, such as business process manage- ment, **service** and **application** **...** The definition, negotiation, deployment, **monitoring** and en- forcement of SLAs must become—in contrast **...**

Specifying and measuring **quality** of **service** in distributed object systems

[PDF] from psu.edu

JP Loyall, RE Schantz, JA Zinky... - Object-Oriented Real- ..., 2002 - ieeexplore.ieee.org

... QoS) in dis- tributed object **applications**. QuO supports the specifica- tion of QoS contracts between clients and **service** provid- ers, runtime **monitoring** of contracts, and adaptation to changing system conditions. A crucial aspect of QuO is a suite of **Quality** Description Languages **...**

Efficient selection and **monitoring** of qos-aware web **services** with the ws-qos framework

[PDF] from psu.edu

M Tian, A Gramm, H Ritter... - 2004 - computer.org

... been only few attempts to find a standardized form to describe the **quality** of **service** **...** WS- QoS)" that enables an efficient, dynamic, and QoS-aware selection and **monitoring** of Web **...** Manager for retrieving QoS requirements specified by client **applications**, a Web **service** broker for **...**
